Easily order Obstacle Course parts online

With an additional component on an inflatable storm track, you can create a unique obstacle course in no time. The more elements, the longer the track. Expand the parts on, among others, the 13.5 and 19-meter tracks. By merging and combining with a JB storm track, you create your unique inflatable obstacle course. All track elements are delivered complete with a blower. Made of high-quality PVC material, making it easy to clean and suitable for many users. Enjoy years of fun with your bounce house storm track!
