

Aqua Run Mega Shark 12m

Aye aye, captain!

Climb, clamber, jump and slide to reach the other side as quickly as possible. Who will be crowned the Mega Run winner? But first there is the challenge of being brave enough to face the 'dangerous' shark! This mega pool obstacle course is everything children dream of. Visitors to your pool will have a great fun-filled day with this water attraction.

Safety and convenience

For years, JB has been known for its attractions that can be used safely by everyone. All water games we offer are certified in accordance with the NEN-EN 15649:2009 safety and quality standards. All attractions come with an approved inspection certificate, a blower, a Bravo air pressure gauge, a log book and a clear manual. It goes without saying that each attraction comes with several anchor points that have to be fastened with appropriate anchoring materials to ensure the attraction stays in place. We have conveniently thought of everything to make it as easy as possible for you.

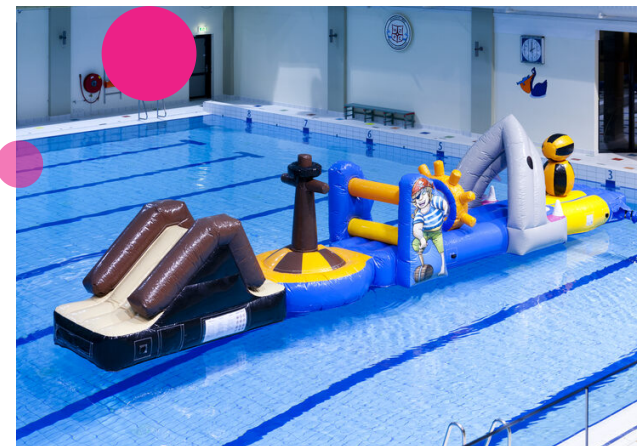

JB's high quality demands

We use high-frequency welded PVC material, weighing 900 gr/m², in order to guarantee the quality of the products we offer. The material has a useful protective coating that makes it chlorine-resistant and suitable for use in water. This ensure the products are both durable and easy to keep clean. The Mega Pool Run Shark comes with a 1-year warranty.

Purchase the Mega Pool Run Shark and give your visitors a fantastic day to remember!

JB has provided services for more than 15,000 customers around the world

For well over 15 years, JB has made people jump for joy, more often than not literally! All of this is thanks to our team of designers, developers and logistics staff, because time and time again, they supply unique inflatable attractions in a grand way! Our customers can rely on our professional service and delivery. It is for good reason they tend to call us 'creators of greatness'.
